About Pregnancy Crisis & Support (PCS)

For more than 30 years, PCS supports and journeys with girls and women with unplanned pregnancies. This is done via a 24-hour hotline, befriending, before & after care, access to counsellors and medical professionals. All within a safe, non-judgemental and confidential environment. This allows the girls, women and their families to make informed decisions.

Today, PCS continues to provide an integrated support for individuals, couples and families from all races, religions, and backgrounds who face challenges that may arise, especially those surrounding pregnancy.

Experience with Pregnancy Crisis

“ A year ago, I didn't realise that there were options. I'm so glad that I decided to speak to a PCS volunteer. She was never judgemental. She gave me so much of her time during my journey. Whenever I look at my son Reuben, I know that I made the right choice to keep him. I'd like to tell any women who might be in my situation, that you are not alone. There's always help available. ”
